

## **Condition of Acceptance for Treatment**

Because of the nature of our Oral and Maxillofacial surgical practice and our emergency policy were we agreed to see patients who are in distress due to pain, these patients will be added to our schedule in the same day. Because of this, we cannot guarantee the exact time of your treatment. We will do our best to accommodate your schedule in a timely fashion and in the majority of cases we can. However, you may sometimes experience a wait time of more than 1 hour for your appointment. If this condition is unacceptable to you, you may need to reschedule your appointment for another time or seek treatment elsewhere.

Thank you for cooperation and understanding.
